

# Boyd County Rural Water District #2 Disaster Fund

PO Box 188

Spencer, NE 68777

---

Dear Donor(s): HSCCW

Thank you for your generous donation to the Boyd County Rural Water District #2 Disaster Fund. We are so grateful for people like you. Should you need a receipt for your donation, please don't hesitate to contact Farmer's State Bank at 402-589-1100.

The RWD #2 employees and board have spent numerous hours working on this project to ensure that it is done correctly and in the best interest of RWD #2. Boring started on the south side of the river but after difficulties, the process has been moved to the north side where the current boring is taking place. An estimated date on the big project at the Niobrara River is not known. On a different note, another line has been washed out in the Ponca Creek east of Lynch. A temporary fix was made and work is currently being done to repair that situation too.

In conclusion, we would like to share this quote by Maya Angelou: "When we give cheerfully and accept gratefully, everyone is blessed!"

Again, thank you!

*Boyd County RWD #2 Disaster Fund*
